

Be a CHEF

COMMUNITY HEALTH EMPOWERMENT FUND TEAMS

Seeking aspiring Chief Health Strategists and Community Leaders to bolster health improvement through innovative Community Health Empowerment Fund Teams (CHEF Teams)

To tackle stagnant health outcomes and growing diverse population needs, new multi-sector CHEF Teams will work to create and foster long and short-term vehicles for resource growth enhancing access to flexible funds while bolstering capacity for health improvement.

With public health at its core, the CHEF Team will work to support existing community health coalitions with targeted resource partners to support health improvement and the development of community health empowerment funds that are locally created and managed with WCHEF assisting in the Fund's development and connections to state and national resources.

CHEF INGREDIENTS

- CHEF Team interest from the local public health director
- Completion of a CHEF Team Readiness Assessment Form
- Development and management of a multi-sector community health partner resource team
- Commitment to the creation of a Community Health Empowerment and Program Funds in partnership with local fiscal sponsors
- Development of an annual CHEF Team work plan including improvement team and community fundraising goals
